

POLAR FALSE CLAMP PARTS

P10 Replacement pin for false clamp for Polar cutters. Measures 7.75mm in diameter X 46.5mm (1.85") long, notched as shown. (206035)

P11 False clamp pin for the later models of Polar cutters after approximately 1984. Measures 7.75mm in diameter X 40mm (1.58") long, notched as shown. (232338)

P350 Polar False Clamp Latch Pin Assembly. For smaller Polar models built after approximately 1982, including the Polar 55 EM, 58 E, 66, 76 EM, 78 X, 78 XS, 78 XT, 78 S, 78 E, 78 ES and 78 ED. Measures approximately 65mm (2.563") long. The main latch area is 8mm in diameter and 12mm long. This assembly includes the latch pin (232336), the perpendicular dowel pin (201558), the apring (207788) and a self locking hex nut (201091).

FPA25 False clamp pin installation tool. This steel anvil tool is 1.750" in diameter by 4" long. It is used to position and hold the Polar false clamp pin in place while the bottom end of the pin is peened over with a hammer. One end is machines to fit over the P10 pin while the opposite end fits over the P11 pin.

P351 Polar False Clamp Latch Pin Assembly. Fits Polar 92, 115, 137 and 155 ED, X, XT and XS models. Fits all 78 models. Measures approximately 60mm (2.375") long. The main latch area is 8mm in diameter by 20mm long. Includes latch pin (232333), perpendicular dowel pin (201558), spring (205687) and self locking hex nut (201091).

P210 Polar slider or push pin. This slider was originally made of black plastic. Ours is made of aluminum. Measures 9.5mm (.375") in diameter X 25.5mm (1") long. It is used to release the false clamp latch pin. Equal to Polar 241828. Does not fit the Polar 155 and 176 models. Comes with a black pastic hole plug. Polar part #241827.

P220 Polar slider or push pin. this slider was originally made of black plastic. Ours is made of aluminum. Measures 9.5mm (.375") in diameter X 42mm (1.625") long. It is used to release the flase clamp latch pin. Equal to Polar #241829. Only fits the Polar 155 and 176 models. Comes with a plastic hole plug. Polar part #241827.

Polar False Clamp Latch Pin Assembly Each assembly includes the latch pin, the spring (205687), the knurled knob with lock pin (205527, 200787) and a self-locking hex nut.

Part #	Original Polar #	"A" Dim.	"B" Dim.
P325	216198	12MM	43MM
P326	206036	20MM	65MM
P327		30MM	70MM
